# DAGON UNIVERSITY

© Dagon University 2019  
This brochure has been produced in collaboration with the ERASMUS + Programme of the European Union

## WELCOME!

When you wish to join the university, welcome to Dagon University, one of the largest universities in Myanmar. It was established in 1993 and its area is about 600 hectares. The university runs the Bachelor's and Master's degree programs in liberal arts and science disciplines. Under the Human Resource Development Programme, it also offers Postgraduate Diplomas in Computer Science and Geographical Information System.

## OUR VISION

To be the university which will create a good academic atmosphere that contributes to the needs of societies

## OUR MISSION

- To nurture students to become global citizens who have a sense of responsibility and accountability
- To conduct multi-disciplinary courses to meet the current demands of the age
- To produce graduates who are equipped with intellectual ability, emotional maturity and good citizenship

## OUR MOTTO

"Home for those students who are intellectually sharp, ethically responsible, good natured and well-mannered"

## WHAT SPECIALITIES AT DU?

- opening up new horizons to learning
- studying in an amicable environment
- staying on campus hostel
- making friends with a large number of students
- doing extracurriculum activities

## Service learning program

The program has been launched at Dagon University since 2014. In collaboration with the United Board which intends to educate students in intellectual, spirituality and empathy, in fact, it aims to engage students as well as the local people. Students and staff members enjoy giving miscellaneous services to the local people based on the lessons learned in classes.

## Scout Association and Girl Guide Association

The Scout Association and the Girl Guide Association at Dagon University invite students who love doing by learning. These associations serve as a real eye-opener for Dagon University students. By taking part in these associations, students could develop leadership skills, enhance life skills and engage in community services while having fun and exploring something new.

## Red Cross activities

Dagon University Red Cross Association has actively participated in first aid and safety services, blood donation, humanitarian assistance to conflict-affected people, and hygiene promotion awareness and health promotion activities. It could raise humanitarian values and develop a culture of nonviolence and peace by the strength of its members and students of Dagon University.

## WHAT FACILITIES AT DU?

- Library
- Laboratories
- Sports facilities
- Healthcare
- Resource room for visually impaired students

## Library

Dagon University Library has been opened and operated its functions since the university was established in 1993. In April 2015, the new building was completed and students and staff can borrow books by checking in Circulation Section, Reference Section (Thesis and Project paper), Reference Section and Periodical Section, Processing Section and Computer Section. At present, the library has over three hundred thousand books of various kinds; you can get up-to-date books, by using digital libraries such as e-Iskatho Digital Library and EDS (e-library/Myanmar Project).
