Exchanging Cultural Experiences Between a Group of University Students

Themes Presented

Food

Fashion

Cultural Festivals

Historical Places

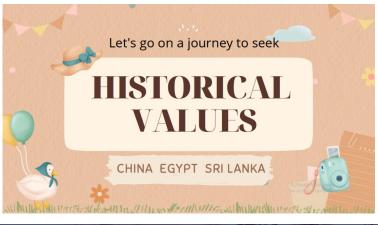

- Celebrated since 2700 BC
- Derived from the Coptic language ,which derived from the ancient
 Egyptian language
- The origin name :
- "TSHOM NI SIME" Which

tshom mean gardens and ni sime mean meadows

Intercultural experience gained

- Bridge the gap between the cultural differences in each country
- Got to know about different aspects of other cultures
- Opportunity of cooperating with delegates from different countries
- Became more sensitive to different ways of life, traditions and customs and worldviews
- Learn to respect and appreciate other values

Positive aspects of the virtual mobility

- Understanding cultures and traditions of each country
- A platform to understand others from different cultures
- Seeking the values of each country and culture
- Could gain lot of knowledge and experience outside our own country
- Provision for communication activities with teachers and fellow students abroad
- Became more familiar with the virtual platforms
- Became more confident in Public Speaking

challenges faced and how they were overcome

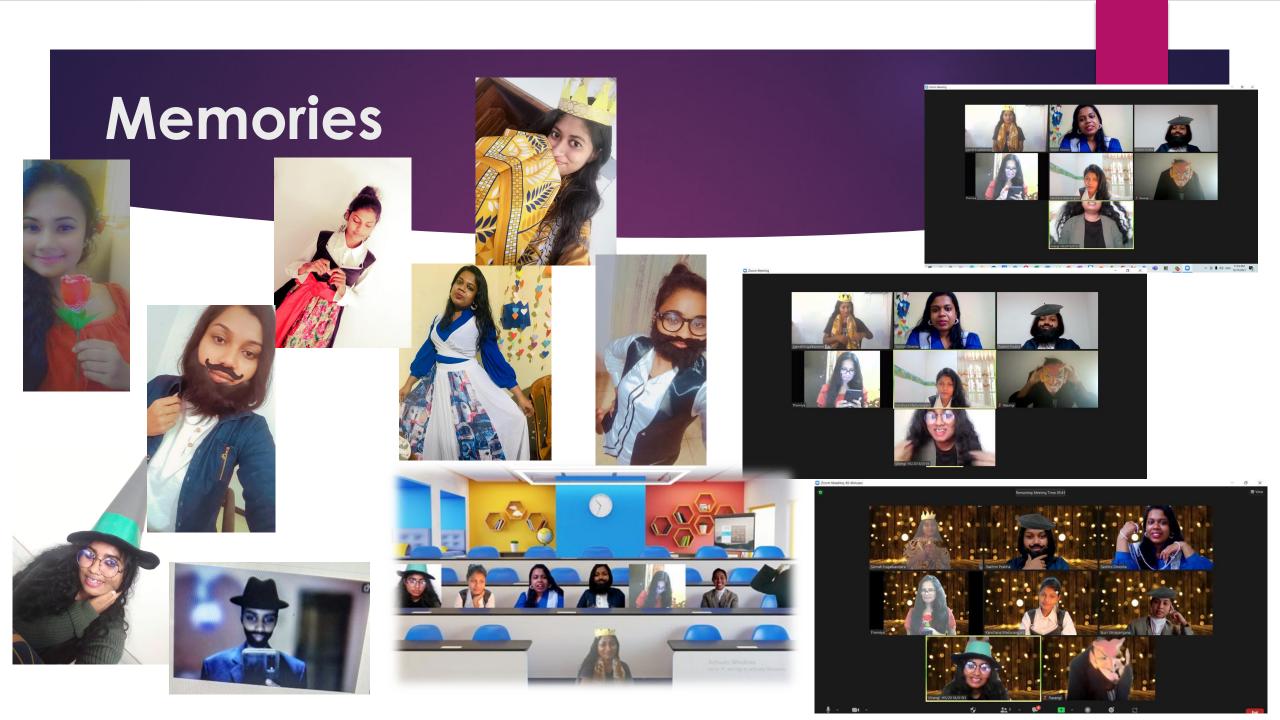

- Poor Communication
- Time management
- Technical issues

- Connection issues and losing time
- Different time zones (China and Germany 7 hour difference)
